Dated this the 14th day of September, 2007.

JUDGMENT

This review petition is filed stating that facts assumed by this court while disposing of the W.P. are incorrect in as much as connection was given before the judgment in the building in which petitioner applied for water connection first. Obviously this court directed connection to be given to the petitioner only on the assumption that no connection was given based on the original application and it was a case of request for transfer of application for connection to the new premises acquired by petitioner. In fact Contempt Case was also dismissed on the same ground on which this review is filed. In the circumstances, R.P. is allowed recalling the judgment.
